## Welcome to Portugal and the Algarve

Portugal is one of the oldest countries in Europe. Our history, culture, geography and cuisine are unmatched and one of the best business cards a country can present.

All regions of Portugal have their charm, however the Eastern Algarve "hides" a magic worth discovering and experiencing. The historic village of Cacela Velha had its beach elected by Condé Nast Traveler as one of the 15 best beaches in the world.

Enjoying Ria Formosa with its light at the end of the day, accompanied by friends around a table and "snacking" on the delicacies that the Algarve has to offer, is just one of the magical moments that can be experienced here.

These and other "small" details make this one of the most emblematic and "still" secret corners of the world.

## Points of interest

**Tavira** - One of the most charming cities in the Algarve. To visit the Roman remains and try the typical regional sweets.

**Cacela Velha** - Villa overlooking Ria Formosa, has one of the most breathtaking views. Visit the viewpoint and pass one of the excellent restaurants in the area, always with freshly caught fish and seafood.

**Monte Gordo** - This former fishing village is today one of the most cosmopolitan areas of the Algarve. For the more adventurous here you can test your luck and play at Solverde Casino of Montegordo.
